

BONALDO

Dragonfly

Designer: Karim Rashid

A single gesture, a rapid manual movement, is all that is required to transform this relaxing armchair, with its pleasantly evocative name, into a comfortable and lightweight chaise longue with elegant curves. The revolving base is available chrome-plated or painted; the body, made particularly comfortable by the cold foamed polyurethane padding, is upholstered in leather, fabric or eco-leather (completely removable). The

line is snappy and dynamic, plastic and sinuous, and bears the signature of the Egyptian-born designer Karim Rashid. Elegant and casual at the same time, Dragonfly it is a piece of furniture with great personality that comes from the reworking of the soft and eye-catching shapes typical of the contemporary dormeuse and reclining armchair.
