

BONALDO

Medley

Designer: Alessandro Busana

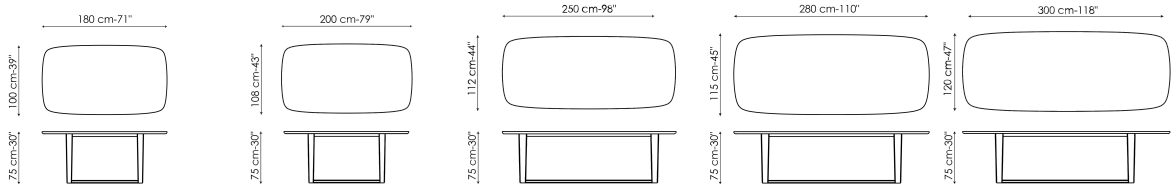

As the idea from which it takes its name suggests, Medley is a modern, elegant and eclectic fixed table, suitable both for professional and private rooms. The lower parts of the legs are connected through a central longitudinal element; the top, available in 3 different sizes, is characterised by gently rounded corners and is the result of the merger of two shapes,

the rectangle and oval, creating a new and original outline. Consistent with the formal choice, the juxtaposition of elements is also evident in the choice of materials: while the base is always in solid wood, available in three different species, the top, in deliberate contrast, is made in various finishes of marble, white lacquered wood, acid-treated glass or ceramic.
