# Pathos '13

COMPLEMENTS

Antonio Citterio

## Description

---

The Pathos tables stand out for the iconic X-shaped metal frame characterising the entire collection of tables and furnishings of the same name. While designed essentially as bedside tables, their versatile nature is underscored by the numerous finishes of the top, which makes them easy to use in any area of the house. The top is available in a variety of glossy painted or shellac effect colours.

# Technical information

---
