

BONALDO

Flute

Designer: Mauro Lipparini

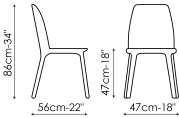

The Flute chair encompasses in itself the harmony and comfort of the shapes, highlighted by the dynamic 3D nature of the backrest. The refined and well-calibrated design make it perfect next to every type of dining or meeting table, but also the ideal choice for public halls and contract environments. Flute is distinguished by the aesthetic potential of the full upholstery, which gives it a pleasantly organic appearance, creating a

harmonious ensemble between the legs, seat and back; the possibility of choosing from numerous colours of leather or eco-leather make it a piece of furniture with unexpected potential. The cold foamed polyurethane padding provides utmost comfort, making it a chair of absolute aesthetic and functional value.
